NUTRITIONIST

Losing weight on desi food is not about giving up desi food.

I built this book around the way people actually eat at home. Roti, dal, sabzi, anda, paratha, chai. The plates I grew up with and the plates my clients bring me photographs of every week.

What I change is rarely the dish. It is the portion, the oil, and the balance of what sits next to it. That is why every recipe here carries a measured portion and a calorie count instead of vague advice to eat less.

These recipes are written for real kitchens and real budgets. If your kiryana shop does not stock it, it is not in this book.

WELCOME

Real desi food, minus the guesswork

This book is thyroid, hormonal imbalance, PCOS, diabetes, hypertensive and uric acid friendly.

Follow these easy, organic, budget-friendly recipes to enjoy a healthy lifestyle. Portions and calorie counts are provided for proper portion control. Total daily calories are designed around 1200 kcal per day.

Nothing here asks you to give up the food you grew up with. There is no imported superfood, no powder you have to order online, and no ingredient your local kiryana shop will not have. What changes is the portion, the cooking method and the amount of oil in the pan.

Every recipe carries a measured portion and a calorie count. Longer recipes may continue on the next page so nothing is left out.

WHAT THIS BOOK IS FRIENDLY FOR

Thyroid · Hormonal imbalance · PCOS · Diabetes · Hypertension · Uric acid

How to use this book

Four things to know before you cook anything.

01

Read the portion first

The calorie count is only true for the portion printed beside it. Change the portion and the number changes with it.

02

Weigh things at the start

For the first two weeks, use a kitchen scale. After that your eye will do the job on its own.

03

Measure the oil

Half a teaspoon means half a teaspoon. Oil poured straight from the bottle is where most home cooking quietly doubles.

04

Combine to hit your target

Recipes are single items, not whole meals. Add two or three together until you reach the calorie target for that time of day.

THE DAILY SHAPE

Around 1200 kcal across the day, split roughly as 400 kcal at breakfast, 400 kcal at lunch and 400 kcal at dinner. Use the calorie count on each card to build each slot.

READING A RECIPE PAGE

- **The circle on the photo** is the calorie count for that recipe at the portion listed.
- **Portion** tells you exactly what that number was measured against.
- **The green pills** describe the recipe — high protein, vegetarian, quick, and so on.
- **Z's tip** is the nutritionist note that keeps the count honest.

PLEASE READ

A note before you begin

This book is a collection of recipes and general portion guidance. It is not a personalised medical or nutritional prescription, and it does not replace advice from your own doctor or dietitian.

A 1200 kcal a day intake is a low-calorie plan. It does not suit everybody. If you are pregnant or breastfeeding, under eighteen, recovering from surgery or illness, or living with a diagnosed condition such as diabetes, thyroid disease, PCOS, hypertension, kidney disease or gout, speak to your doctor before starting.

If you take medication, this is especially important. Eating less can change how much insulin or how many blood pressure tablets you need, and those doses should only ever be adjusted by the doctor who prescribed them.

Calorie and portion figures are approximate. They will shift with brand, cut, ripeness and how much oil actually ends up in the pan.

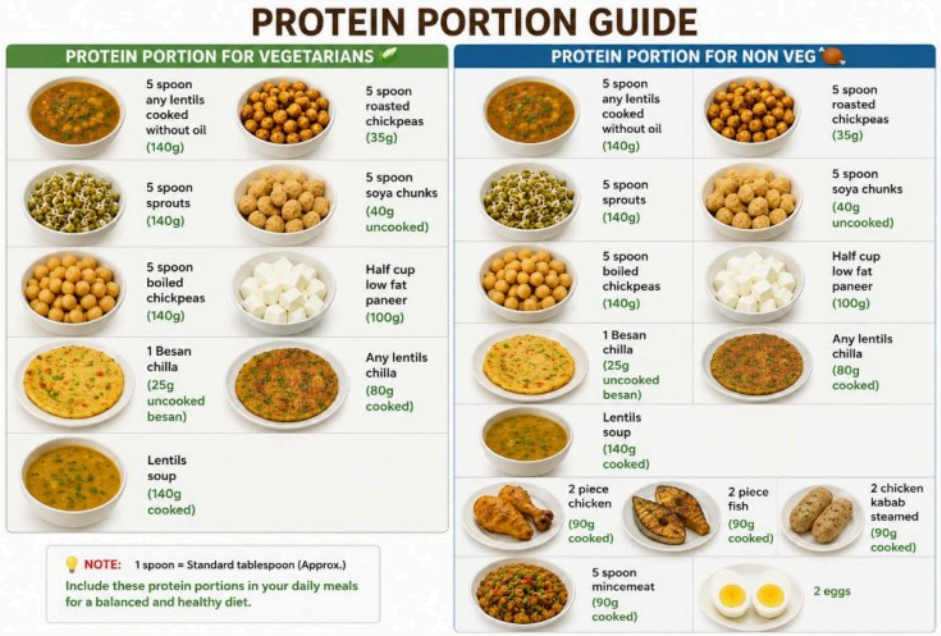

Stop and seek advice if you feel persistently dizzy, unusually tired, or unwell at any point.

> **IF YOU TAKE MEDICATION**
> Never change an insulin, thyroid or blood pressure dose on your own because you have started eating differently. Take this book to your doctor and adjust together.

Portion size guide

Protein portion guide

Measuring without a scale

A kitchen scale is the most accurate tool you own. When you do not have one to hand, your own hand is a reasonable stand-in — and it scales with your body.

🖐

Palm

One portion of protein. Chicken, fish, kabab or paneer, roughly the size and thickness of your palm.

✊

Fist

One portion of cooked vegetables or salad. Fill at least one fist at every meal.

🤲

Cupped hand

One portion of cooked rice, oats or dal — roughly half a cup.

👍

Thumb tip

One portion of fat. That is your oil, ghee or butter for the whole dish, not per person.

> **THE OIL RULE**
>
> Oil is the single biggest hidden cost in desi cooking. One tablespoon poured casually into a curry adds more calories than an entire breakfast in this book. Measure it, every single time.

QUICK CONVERSIONS

MEASURE	EQUALS	ENERGY
1 teaspoon oil	≈ 5 ml	≈ 45 kcal
1 tablespoon oil	≈ 15 ml	≈ 135 kcal
1 cup	≈ 240 ml	—
1 small roti	≈ 40 g	—
1 slice bread	≈ 30 g	—
1 medium egg	≈ 50 g	—

BEFORE YOU SHOP

The desi pantry

Keep these in the house and nearly every recipe in this book becomes a fifteen-minute job.

GRAINS & FLOURS

- Whole wheat flour (atta)
- Multigrain flour blend (see recipe below)
- Gram flour (besan)
- Rolled oats
- Quinoa
- Brown rice
- Multigrain or whole wheat bread
- Unsweetened muesli or cornflakes

PROTEIN

- Eggs
- Skinless chicken
- Fish
- Lentils and dals
- Chickpeas and beans
- Low-fat paneer or cheese

DAIRY

- Skim milk
- Plain low-fat yoghurt

FATS

- Olive oil
- A silicone brush for oiling pans

FRESH

- Spinach and seasonal saag
- Methi leaves
- Onion, tomato, garlic, ginger
- Green chillies and coriander
- Lemons
- Seasonal vegetables

SPICE SHELF

- Haldi, zeera, dhania
- Red chilli and garam masala
- Cinnamon
- Black pepper
- Salt, used sparingly

> **ONE PIECE OF EQUIPMENT**
>
> A decent non-stick pan does more for your calorie count than any ingredient on this list. It is the difference between half a teaspoon of oil and three.

SPECIAL BLEND

Zaineb's multigrain flour blend

Grind and mix these ingredients once, store airtight, and use in place of plain atta for rotis and parathas. Higher fibre, lower GI, more protein.

- Whole wheat **100 g**
- Whole wheat husk (bran) **150 g**
- Barley (jau) **150 g**
- Oats **150 g**
- Besan (gram flour) **150 g**
- Chana dal **150 g**
- White chickpeas **150 g**
- Black chickpeas **150 g**
- Moong dal **150 g**
- Black masoor dal **150 g**
- Green moong dal **150 g**
- Makhana (fox nuts) **150 g**
- Flax seeds **100 g**
- Pumpkin seeds **100 g**
- Quinoa **150 g**
- Psyllium husk (ispaghol) **100 g**
- Corn flour (makai atta) **150 g**
- Mixed beans **150 g**

METHOD

1. Dry-roast makhana, flax and pumpkin seeds lightly until fragrant. Cool completely.
2. Grind each dal and grain separately to a fine flour in a mill or high-speed blender.
3. Sieve if needed, then combine all flours and seeds in a large airtight container.
4. Mix thoroughly. Store in a cool dry place for up to 4 weeks.
5. Use 1:1 in place of plain atta for rotis, parathas and cheelas.

> **Z'S TIP**
> Start with half multigrain and half regular atta if your family is new to the taste — increase the ratio over two weeks.

Breakfast

9 RECIPES · APPROX. 400 KCAL PER DAY

Nine quick morning options built from things already in a desi kitchen. Combine two or three to reach your morning target.

1 BREAKFAST

Multigrain Bread & Egg Omelette

120 KCAL

HIGH PROTEIN · QUICK · EGG-BASED

PREP	COOK	PORTION	SERVES
10 minutes	5 minutes	1 slice bread + 1 egg	1 person

INGREDIENTS

- Multigrain bread
  1 slice (~30 g)
- Egg
  1 (~50 g)
- Olive oil
  ½ tsp (5 ml)
- Salt & black pepper
  to taste

METHOD

1. Beat the egg with salt and pepper.
2. Heat olive oil in a non-stick pan.
3. Pour the egg mixture and cook until set.
4. Toast the bread and serve with the omelette.

NUTRITIONIST'S TIP

Keep the flame low so the omelette stays soft and does not need extra oil.

2 BREAKFAST

Oats Porridge

100 KCAL

HIGH FIBRE · VEGETARIAN

PREP	COOK	PORTION	SERVES
5 minutes	10 minutes	½ cup cooked oats	1 person

INGREDIENTS

- Oats — ½ cup (~40 g)
- Skim milk — 1 cup (~240 ml)
- Cinnamon — a pinch
- Honey — optional

METHOD

1. Boil milk gently.
2. Add oats, stir until thick.
3. Add cinnamon and honey if desired.
4. Serve warm.

NUTRITIONIST'S TIP

Cinnamon adds sweetness without sugar — you can usually skip the honey.

3 BREAKFAST

Besan Chilla with Mint Chutney

120 KCAL

VEGETARIAN · HIGH PROTEIN · GLUTEN-FREE

PREP	COOK	PORTION	SERVES
10 minutes	10 minutes	1 chilla	1 person

INGREDIENTS

- Gram flour (besan) — ½ cup (~50 g)
- Water — as needed
- Salt & spices — to taste
- Mint chutney — to serve

METHOD

1. Mix gram flour, water, salt and spices into a smooth batter.
2. Heat a non-stick pan, pour batter and spread evenly.
3. Cook until golden on both sides.
4. Serve with mint chutney.

NUTRITIONIST'S TIP

Rest the batter for ten minutes before cooking — the chilla holds together better.

Shami Kabab with Multigrain Bread

130 KCAL

HIGH PROTEIN · QUICK · NON-VEG

PREP	COOK	PORTION	SERVES
10 minutes	10 minutes	1 small shami kabab + 1 slice bread	1 person

INGREDIENTS

- Lean chicken mince — 30 g (~50 kcal)
- Cooked chana dal — 15 g (~25 kcal)
- Onion — 10 g (~4 kcal)
- Coriander & green chilli — ~2 kcal
- Ginger-garlic paste — 2 g (~3 kcal)
- Spices (cumin, black pepper, salt) — to taste
- Oil — 2 g (~18 kcal)
- Multigrain bread — 1 small slice (25 g) (~28 kcal)

METHOD

1. Cook chicken mince, cooked chana dal, onion, ginger-garlic paste and spices in a pan.
2. Cool the mixture, grind and shape into one small shami kabab.
3. Brush 2 g oil in a non-stick pan and cook the kabab golden on both sides.
4. Serve with one small slice of multigrain bread.

NUTRITIONIST'S TIP

Pan-cook on a non-stick surface rather than deep frying.

5 BREAKFAST

Spinach Omelette Wrap

110 KCAL

HIGH PROTEIN | IRON RICH | EGG-BASED

PREP	COOK	PORTION	SERVES
5 minutes	10 minutes	1 wrap	1 person

INGREDIENTS

- Egg
  1 (~50 g)
- Spinach, chopped
  handful (~30 g)
- Whole wheat wrap, small
  1 (~40 g)

METHOD

1. Beat egg with chopped spinach.
2. Cook in a non-stick pan until set.
3. Wrap omelette in wheat wrap.

NUTRITIONIST'S TIP

Wilt the spinach briefly first so the wrap does not turn watery.

6 BREAKFAST

Oats Smoothie

90 KCAL

VEGETARIAN · NO COOK · HIGH FIBRE

PREP	PORTION	SERVES
5 minutes	1 glass (~200 ml)	1 person

INGREDIENTS

- Oats
  ¼ cup (~20 g)
- Banana
  ½ (~50 g)
- Skim milk
  1 cup (~240 ml)

METHOD

1. Blend all ingredients until smooth.
2. Serve chilled.

NUTRITIONIST'S TIP
Use a frozen banana half instead of ice.

Boiled Egg Sandwich with Low-Fat Cheese

130 KCAL

HIGH PROTEIN · EGG-BASED

PREP	PORTION	SERVES
10 minutes	1 sandwich	1 person

INGREDIENTS

- Whole wheat bread
  2 slices (~60 g)
- Boiled egg
  1 (~50 g)
- Low-fat cheese
  1 slice (~20 g)

METHOD

1. Mash boiled egg with light seasoning.
2. Spread over bread, add cheese, cover with second slice.

NUTRITIONIST'S TIP

Mash the egg with a spoon of yoghurt instead of mayonnaise.

8 BREAKFAST

Cornflakes or Muesli with Milk

100 KCAL

VEGETARIAN · NO COOK · QUICK

PREP	PORTION	SERVES
3 minutes	½ cup cereal + ½ cup milk	1 person

INGREDIENTS

- Cornflakes or muesli
  ½ cup (~30 g)
- Skim milk
  ½ cup (~120 ml)

METHOD

1. Pour milk over cereal.
2. Serve immediately.

NUTRITIONIST'S TIP

Pick an unsweetened variety — flavoured muesli hides a lot of sugar.

9 BREAKFAST

Low-Calorie Stuffed Methi Paratha

120 KCAL

VEGETARIAN · DESI STAPLE · HIGH FIBRE

PREP	COOK	PORTION	SERVES
15 minutes	10 minutes	1 paratha (~50 g)	1 person

INGREDIENTS

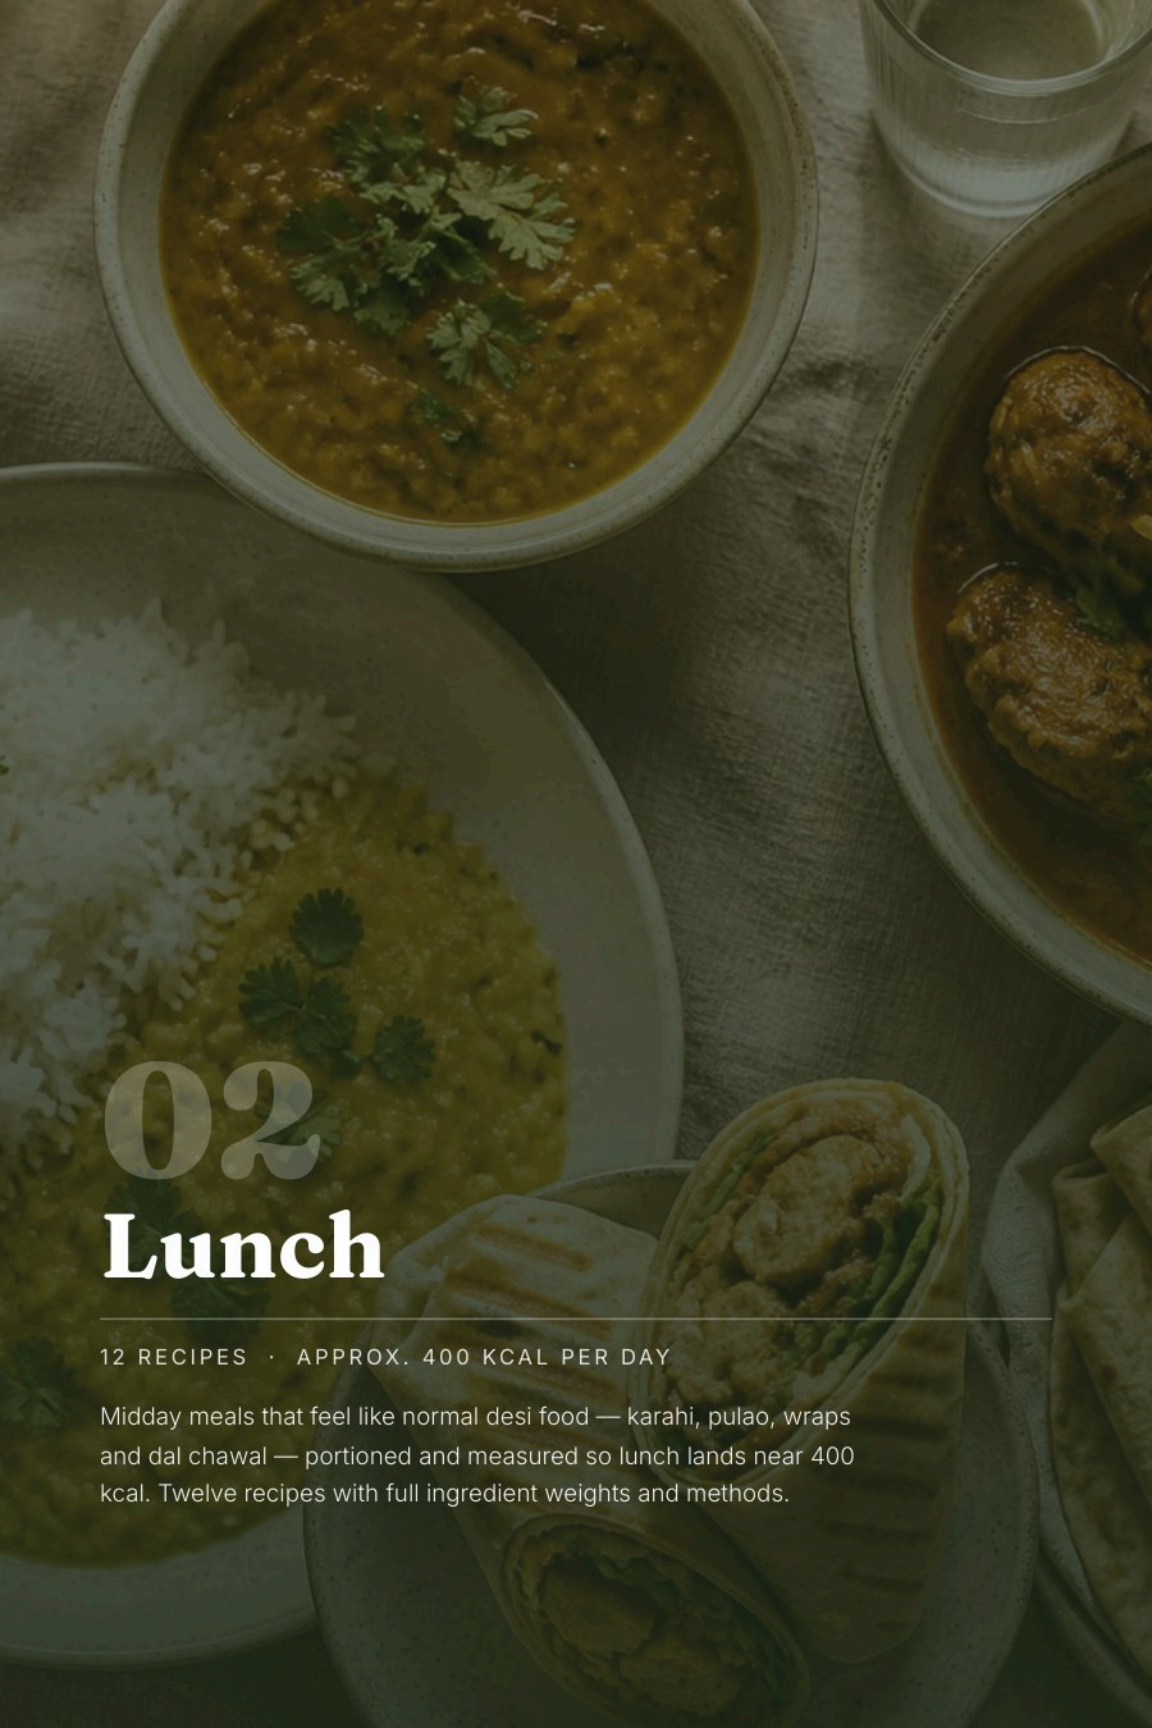

- Whole wheat flour — ½ cup (~50 g)
- Methi leaves, chopped — 2 tbsp (~10 g)
- Salt & spices — to taste
- Olive oil — ½ tsp

METHOD

1. Knead flour with methi leaves and spices.
2. Roll into a flat paratha.
3. Cook on a non-stick pan with ½ tsp oil.

NUTRITIONIST'S TIP

Brush the oil with a silicone brush — half a teaspoon is enough.

02
Lunch

12 RECIPES · APPROX. 400 KCAL PER DAY

Midday meals that feel like normal desi food — karahi, pulao, wraps and dal chawal — portioned and measured so lunch lands near 400 kcal. Twelve recipes with full ingredient weights and methods.

1 LUNCH

Daal Chawal

250 KCAL

VEGETARIAN · DESI STAPLE · HIGH FIBRE

PREP	COOK	PORTION	SERVES
10 minutes	20 minutes	½ cup cooked dal + ½ cup cooked rice	1 person

INGREDIENTS

- Cooked yellow moong/masoor daal **90 g (~105 kcal)**
- Cooked basmati rice **100 g (~130 kcal)**
- Onion **10 g (~4 kcal)**
- Tomato **15 g (~3 kcal)**
- Oil **¼ tsp / 1 g (~9 kcal)**
- Cumin, turmeric, chilli & salt (negligible)

METHOD

1. Cook daal until soft; add onion, tomato, and spices.
2. Prepare a light tadka using ¼ tsp oil and mix into daal.
3. Weigh 100 g cooked rice and serve with 90 g cooked daal.
4. Garnish with fresh coriander and serve hot.

NUTRITIONIST'S TIP

Use brown rice for a lower GI option that keeps you full longer.

2 LUNCH

290 KCAL

Roti with Mixed Vegetable Curry

VEGETARIAN · HIGH FIBRE · DESI STAPLE

PREP	COOK	PORTION	SERVES
15 minutes	20 minutes	1 medium roti + vegetable curry	1 person

INGREDIENTS

- Whole wheat flour — 40 g
- Cauliflower — 60 g
- Carrot — 40 g
- Green beans — 40 g
- Capsicum — 40 g
- Onion — 50 g (1 small)
- Tomato — 100 g (2 small)
- Ginger-garlic paste — 5 g (1 tsp)
- Olive oil — 5 ml (1 tsp)
- Cumin seeds — 2 g (½ tsp)
- Turmeric powder — 1 g (¼ tsp)
- Coriander powder — 2 g (½ tsp)
- Red chilli powder — 1 g (¼ tsp)
- Black pepper — 1 g (¼ tsp)
- Salt — 2 g or to taste
- Fresh coriander — 5 g
- Water — 100–150 ml

Roti with Mixed Vegetable Curry (CONTINUED)

290 KCAL 15 MINUTES PREP
20 MINUTES COOK

METHOD

1. Add 40 g whole wheat flour to a bowl and gradually add water to prepare a soft dough.
2. Rest the dough for 10 minutes.
3. Roll into 1 medium roti and cook on a hot tawa without ghee or butter. Keep aside.
4. Heat 5 ml olive oil in a non-stick pan.
5. Add cumin seeds and allow them to crackle.
6. Add chopped onion and sauté for 2–3 minutes.
7. Add ginger-garlic paste and cook for 1 minute.
8. Add chopped tomatoes, turmeric, coriander powder, chilli powder, black pepper and salt.
9. Cook until the tomatoes become soft and the masala is well cooked.
10. Add cauliflower, carrot, beans and capsicum.
11. Add 100–150 ml water, cover and cook for 8–10 minutes until the vegetables are tender but not mushy.
12. Garnish with fresh coriander.
13. Serve the vegetable curry hot with 1 medium whole wheat roti.

SERVING SUGGESTION

Serve with 100 g cucumber and lettuce salad and lemon juice for extra freshness and fibre.

NUTRITIONIST'S TIP

Keep the curry low-oil and avoid potatoes to make this meal lighter and more suitable for a calorie-controlled weight-loss plan.

2 LUNCH

Chicken Karahi with Roti

280 KCAL

HIGH PROTEIN | DESI STAPLE

PREP	COOK	PORTION	SERVES
10 minutes	20 minutes	100 g chicken + 1 small roti	1 person

INGREDIENTS

- Boneless chicken **100 g (~165 kcal)**
- Whole-wheat flour **25 g (1 small roti) (~85 kcal)**
- Tomato **40 g (~7 kcal)**
- Onion **15 g (~6 kcal)**
- Oil **½ tsp / 2 g (~18 kcal)**
- Ginger, garlic, green chilli, coriander & spices

METHOD

1. Heat ½ tsp oil in a non-stick pan; sauté onion, ginger, garlic.
2. Add chicken and cook until it changes color.
3. Add tomato and spices; cover & cook until tender.
4. Make 1 small roti from 25 g flour (no oil/ghee).
5. Serve Karahi with hot roti.

NUTRITIONIST'S TIP

Keep the karahi dry rather than saucy — less oil sticks to the roti.

3 LUNCH

Chicken Pulao

280 KCAL

HIGH PROTEIN · ONE POT

PREP	COOK	PORTION	SERVES
10 minutes	25 minutes	½ cup cooked rice + 50 g chicken	1 person

- Onion **15 g (~6 kcal)**
- Ginger-garlic paste **3 g (~3 kcal)**
- Whole spices, green chilli, coriander & salt

METHOD

1. Heat ½ tsp oil in a non-stick pot; sauté onion.
2. Add ginger-garlic, whole spices & chicken. Cook well.
3. Add water and salt, simmer until chicken is cooked.
4. Mix in 120 g cooked rice gently.
5. Cover and cook on low heat until aromatic.

4 LUNCH

Baked Fish with Steamed Vegetables

300 KCAL

HIGH PROTEIN | LOW FAT | OMEGA-3

PREP	COOK	PORTION	SERVES
10 minutes	20 minutes	100 g fish + 1 cup vegetables	1 person

INGREDIENTS

- White fish fillet **150 g (~180 kcal)**
- Mixed veggies (broccoli, carrot, beans,
- Olive oil **1 tsp / 5 g (~45 kcal)**
- Lemon juice **1 tsp (~1 kcal)**
- Garlic, black pepper, paprika & salt

METHOD

1. Marinate fish with lemon, garlic, pepper, paprika & salt.
2. Brush with 1 tsp olive oil; bake at 200°C for 15–20 mins. capsicum): 180 g (~70 kcal)
3. Steam mixed vegetables until tender-crisp.
4. Serve baked fish alongside steamed veggies.

NUTRITIONIST'S TIP

Pat the fish dry before baking so it roasts rather than steams.

5 LUNCH

Mutton Shinwari with Roti

300 KCAL

HIGH PROTEIN | DESI STAPLE

PREP	COOK	PORTION	SERVES
10 minutes	40 minutes	100 g mutton + 1 small roti	1 person

INGREDIENTS

- Lean mutton (boneless) **70–80 g (~170 kcal)**
- Whole-wheat flour **25 g (1 small roti) (~85 kcal)**
- Oil **1 tsp / 5 g (~45 kcal)**
- Tomato **40 g (~7 kcal)**
- Onion **15 g (~6 kcal)**
- Green chilli, ginger, garlic, coriander & spices

METHOD

1. Heat 1 tsp oil in non-stick pan; sauté onion, ginger, garlic.
2. Add lean mutton and cook until lightly browned.
3. Add tomato, chilli, spices; cover & cook until tender.
4. Prepare 1 small roti (25 g flour, no oil).
5. Serve Shinwari hot with roti.

6 LUNCH

Chana Pulao

280 KCAL

VEGETARIAN | HIGH PROTEIN | HIGH FIBRE

PREP	COOK	PORTION	SERVES
10 minutes	25 minutes	½ cup cooked rice + ½ cup boiled chickpeas	1 person

INGREDIENTS

- Cooked basmati rice **120 g (~155 kcal)**
- Boiled chickpeas (chana) **55 g (~90 kcal)**
- Oil **½ tsp / 2 g (~18 kcal)**
- Onion **15 g (~6 kcal)**
- Ginger-garlic paste **3 g (~3 kcal)**
- Cumin, whole spices, green chilli & salt

METHOD

2. Add ginger-garlic paste, cumin & whole spices.
3. Add chickpeas, salt, splash of water; cook 2–3 mins.
4. Add 120 g cooked rice, mix gently, cover & simmer.
5. Garnish with coriander and serve hot.

7 LUNCH

Chapli Seekh Kabab with Pita

280 KCAL

HIGH PROTEIN · QUICK

PREP	COOK	MARINATE	PORTION	SERVES
15 minutes	15 minutes	20 minutes	2 seekh kebabs + 1 small whole wheat pita	1 person

INGREDIENTS

- Lean chicken mince **100 g**
- Small whole-wheat pita **1 (~40 g)**
- Roasted gram flour (besan) **10 g**
- Onion **20 g**
- Tomato **15 g**
- Oil **½ tsp**
- Chilli, coriander, ginger-garlic, spices & salt

METHOD

1. Mix chicken mince with all ingredients except oil & pita.
2. Shape into 2 small seekh/chapli kababs.
3. Heat non-stick pan with ½ tsp oil; cook kababs until golden.
4. Serve with 1 small whole-wheat pita & fresh salad.

SERVING SUGGESTION

Serve with 100 g fresh salad and lemon wedges. Avoid mayonnaise, creamy sauces and extra oil.

NUTRITIONIST'S TIP

Use lean chicken mince and grill instead of deep-frying. Lean protein, whole wheat pita and vegetables make this a satisfying balanced lunch.

8 LUNCH

Chicken Pasta

300 KCAL

HIGH PROTEIN · QUICK

PREP	COOK	PORTION	SERVES
10 minutes	15 minutes	½ cup cooked pasta + 50 g chicken	1 person

INGREDIENTS

- Boiled pasta **100 g (~150 kcal)**
- Cooked chicken breast **60 g (~100 kcal)**

5 KCAL

Coriander Seed Detox Water

HYDRATION · MORNING RITUAL

PREP	PORTION	SERVES
5 minutes	1 glass (250 ml)	1 person

INGREDIENTS

- Water
  1 litre
- Coriander seeds
  1 tsp (about 3–4 g)

METHOD

1. Soak coriander seeds in 1 litre water overnight. Strain in the morning and drink as flavored water. It is not a substitute for meals or medical treatment.

NUTRITIONIST'S TIP

Traditionally used as a refreshing morning drink and may support hydration and digestion. Detox water supports hydration, but it does not burn fat by itself — pair it with a balanced calorie-controlled diet, regular physical activity, adequate sleep, and enough plain water for the best weight-loss results.
